

## **Important Information about Stimulus payments and the bank's pandemic relief options**

We'll keep working diligently on getting any misrouted stimulus payments to your accounts. Past customers whose stimulus funds are routed to the bank will be able to obtain their funds with your tax return filing. The bank will return them as to not further delay their receipt.

Also, if you are experiencing a financial difficulty related to the pandemic, your account officer can review your account to potentially refund recent overdraft or non-sufficient funds fees.

We want to remain your community bank of choice during these difficult times and hereafter!
